# Trade-marks Journal

## Vol. 63 No. 3223

## General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

## Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

## Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

## Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

## Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

## Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

## GOODS

Common metals and their alloys; Metal building material for use in the automotive industry; metal building materials for railway tracks; non-electric metal cables namely, audio/video cables, coaxial cables, computer cables, fibre optic cables, telephone cables, battery cables, non-electric metal wire namely, guy wire, wire fencing, steel wire, wire mesh, wire rope; ironmongery and small items of metal hardware namely, door handles, locks, hinges; metal pipes and flexible tubings namely, gas tubes and pipes, flexible tubing and metal pipes for solar and heating installations, flexible tubing and metal pipes for use in land vehicles; Metal hose connectors; metal pipe connectors; Metal vehicle exhaust manifold, couplings and adapters for use in land and sea vehicle exhausts; metal hose couplings; pipe couplings; Mountings used in land and sea vehicles, namely engine mounts, transmission mounts, exhaust mounts, gearbox mountings, axle mounts, shock absorber mounts in industrial machines, in belt conveyors, conveyor belts and conveyor belt systems, in hose and pipe systems, for vibration damping and shock absorption; metal pipes and tubes for ventilation and air-conditioning systems; Metal molds used in pressure casting of automotive parts and industrial machines parts; Metal frames used in industrial printing; Machines used in metal, namely machines for processing metal for the manufacture, repair and disassembly of land and sea vehicles, namely milling, mixing, grinding and drilling machines; Machines used in rubber, namely machines for processing rubber namely milling, mixing, grinding and drilling machines, hydraulic rubber presses, tire building machines, tire presses, kneaders for kneading rubber and rubber mixtures, extruder, calenders for processing rubber mixtures, vulcanization devices namely, machines, presses and control elements for vulcanizing rubber; Machines used in plastics, namely machines for processing plastics, namely mixing machines, milling machines, grinding machines, drilling machines, calenders and extruders for processing plastic; Machines used for the chemical industry, namely mixing machines, calenders and extruders for processing rubber mixtures; Machines used for the agriculture industry, namely tractor, cultivator, plow, harrow, seeder, planter, fertilizer spreader, sprayer, baler, backhoe; Machines used for the mining industry, namely machines for use in underground mining, construction and tunneling; Machine tools for the automotive industry and for the metalworking industry; Printing machines; printing plates; machines used in the manufacture of printing plates; printing plates, not light-sensitive; Casting molds used in industrial pressure casting of automotive parts and industrial machines parts; lithographic printing plates for printing machines; Motors and engines namely engines and motors for industrial machines; Components for motors and engines of all types, namely electric engine motors, and their components namely engine cylinders, engine degreasers, engine motors, motor oil, motor oil additives, air filters, engine and motor mounts; Control unit for motors and engines, namely electrical engines control systems and electrical motor control systems that monitors engine performance; Electric starters for motors and engines; motor driven electric generators; Main cylinders, namely master cylinders for engines, motors and industrial machinery; Electric engine motors and pumps, namely gas pumps, fuel pumps, air pumps and water pumps, Engine actuators, namely throttle valves, idle governors, linear actuators, air control valves, air flap actuators, exhaust gas recirculation valves; injection valves, injection nozzles for engines; fuel pumps, fuel lines; fuel injection systems; spark plugs for combustion engines; glow plugs for diesel engines; air filters for engines; catalytic converters; turbochargers for motor vehicle engines; turbo compressors, namely compressors for motor vehicles; Control units for machines namely electrical control systems for engines and motors, industrial machines, namely belt conveyors, conveyor belt systems, industrial hose and pipe systems, automotive workshop equipment; electric and hydraulic controllers for all electric and hydraulic related functions in vehicles and industrial machines; Controlled adjusting devices for vehicle parts namely vehicle seats, windows, mirrors, sliding roofs, throttle valves; camshafts; Machine coupling and transmission components, namely shift clutches except for land vehicles; drive belts, transmission belts, V-belts, V-ribbed belts, variator belts, timing belts, synchronous belts, nubbed belts, double-sided timing belts, flat belts, lift belts as machine components, conveyor belts; machine components namely springs, shock absorber pistons, vibration dampers; molded parts made from rubber and rubber-metal bondings for vibration control as machine parts; Engine mounts, namely vibration dampers for motor vehicle engines, hydromounts, namely vibration dampers for motor vehicle engines, torsional vibration dampers, actuators; Valves as machine components for motor vehicles; Conveyor belts, parts and accessories for conveyor belts namely tracks and belts; Passenger conveyors; Air compressor accessories, namely spray guns, metal fittings, for water, oil, gas, paint; Mechanical vehicle jacks; lawn mowers machines; Vending machines; Electric control and regulating systems namely their processors and sensors for the steering and controlling of vehicles, for improved driving safety, driving stability, and cushioning and noise comfort; Electric control and regulating systems namely their processors and sensors for regulation and control of brakes, accelerator pedals, transmissions , chassis and suspensions and emissions; voltage regulators for vehicles; Automatic control systems for vehicles, namely automatic parking assistance systems, braking assistance, assistance with starting and adherence to a safe following distance, parking pilot, namely software mobile application and a computer software for driverless parking, software mobile application and a computer software for automated driver, software mobile application and a computer software for highway chauffeur, namely automated driving and highway pilot for steering, lane change, acceleration, braking and monitoring of vehicle functions, as well as road signs, speed-limits, traffic hazards, traffic flow; Electrical and electrohydraulic power steering; ammeters, voltmeters, ohmmeters, manometers, thermometers, tachometers; Directional compasses, acidimeters, water level indicators, thermostats; Motor vehicle engine management instruments to manage engine performance, idle speed control instruments to manage speed in motor vehicles; Data management and data processing instruments used in motor vehicles to help retrieve and process engine data, engine performance and other data generated by the automated vehicle functions; Measuring, warning and display devices namely instruments for distance, axle load monitoring, acceleration, speed, engine speed, torque, turn rate, pressure, fluid fill level, fluid supply, particularly fuel and washer fluid supply, altitude, coolant temperature, charge pressure, power, air quality, air mass, oil level, oil pressure, vehicle position, rudder position, temperature, travel time, travel route, travel distance, wind and water depth; Distance warning and controlling devices comprised of warning signals in the form of lights and sounds, visual and audio distance sensors, radars comprised primarily of speed and distance detection radars, obstacle detection sensors, modules for projecting visible and infrared light; Radar devices, namely vehicle sensors, video cameras, laser lights and parts therefore for detecting speed, distance, proximity, positioning; Assistance systems for parking, reversing and blind spot detection comprised of visual and audio distance sensors, obstacle sensors, parking space size sensors; pre-collision detection and collision avoidance systems comprised of visual and audio distance sensors, sensors for detection of drivers side blind spots; Optical, acoustic and haptic drowsiness devices namely driver fatigue alarms, warning lights, vibrating steering wheels; Speed warning devices, namely speedometers, speed sensors, warning lights, alarm sounds; Tire pressure gauge, tire inflating equipment; Service indicator namely vehicle service indictors which indicate that vehicle require servicing; wear indicator namely indicators which indicate that vehicle brake pads and tires are in need of replacement; consumption measurement instrument to measure vehicle utilization of electricity, fuel , oil and air; maintenance indicator namely vehicle maintenance indicators which indicate that vehicle requires maintenance; Workshop test equipment, namely vehicle diagnostic apparatus for the operation, maintenance and repair of motor vehicles; Time recording apparatus namely chronographs, time clocks, sensors for recording time, vehicle tachographs; accident data recorder; Apparatus and instruments for conducting electricity namely: electrical conductors for electric motor , electronic conductors for fuel cells, Electronic conductors for integrated circuits, apparatus and instruments for switching electricity namely: electric switch plates, apparatus and instruments for converting electricity namely: current converters, electrical converters, apparatus and instruments for storing electricity, namely batteries and accumulators for storing energy and power, apparatus and instruments for regulating electricity namely: frequency counter, electricity meter, wattmeter, apparatus and instruments for monitoring electricity, namely multimeters for measuring voltage; Electrical fuses, electrical relays, transponders, sensors, namely liquid level sensors, pollutant sensors, pressure sensors, proximity sensors, temperature sensors, timing sensors, actuators namely hydraulic actuator, pneumatic actuator, electric actuator, mechanical actuator; Radar detectors, vehicle detectors; Pressure switches; electronic brake controllers and parts thereof; brake fluid tester; Diagnostic apparatus, namely apparatus for use in diagnostic testing and live data retrieval for computerized automobile systems; Monitoring and diagnostic systems for vehicle engines and drive systems; Warning lamps for vehicles; Ignition coils; Valves as machine parts; Lasers, namely vehicle sensors, video cameras, laser lights and parts therefore for detecting speed , distance, proximity, positioning; Electric batteries for industrial machines and motor vehicles, and their components; fuel cells and their components, chargers for electric batteries namely battery chargers for motor vehicles; Alarm equipment namely engine immobilizers, anti-theft alarms, radio-controlled lock systems, access control; burglar alarms; Electric opening and closing devices for motor vehicles namely electronic door closing and opening systems; central locking systems, namely remote power door locks, and remote for luggage compartment; electronic immobilizers for motor vehicles; Remote control devices namely remote control devices for vehicle door access systems, remote control devices for diagnosis apparatus, namely apparatus for use in diagnostic testing and live data retrieval for computerized automobile systems; Global positioning system ( GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices for navigation, route and trip planning, and electronic mapping; Fuel tank systems for motor vehicles; Data processing devices namely computers, laptops, tablets; computers namely electronic calendar, fax machines, monitors; computer I/O devices namely keyboard, mouse, monitors, printers, modems, joysticks, scanners, digital cameras, video cameras, microphones, headphones, headset, speakers, calculators; saved computer programs and software for assisting drivers with control of motor vehicles for improving driver safety, direction stability, namely electronic stabilization program, braking system, namely anti-lock brake system, and driving comfort, namely navigation systems, automatic driver assistance, automatic parking assistance, braking assistance, assistance with starting and adherence to a safe following distance, parking pilot namely software mobile application and a computer software for driverless parking, software mobile application and a computer software for automated driver, software mobile application and a computer software for highway chauffeur, namely automated driving and highway pilot for steering, lane change, acceleration, braking and monitoring of vehicle functions, as well as road signs, speed-limits, traffic hazards, traffic flow; saved computer programs and software for commercial logistics and vehicle fleet management, namely monitoring mileage, fuel use, engine diagnostic codes, GPS tracking, route planning, maintenance tracking, and other vehicle data such as vehicle location, average speed, operating time; Electrical, electronic, opto-electronic and mechanical analog and digital display devices and instruments for motor vehicles, namely speedometer, fuel indicator, warning and indicator lights, odometer, trip odometer, tachometer, RPM indicators, automotive navigation systems in the form of on-board computers; Display equipment namely computer display screens, display panels, liquid crystal display panels, projection screens, flat panel display screens, video screens and monitor, touch screen monitors; Devices for recording, receiving, transmitting and reproducing analog and digital signals, as well as images and sound, namely antenna, namely car antennas, antennas for radio, radios, televisions, telephones containing video telephones; hands-free equipment for telephones namely headphones, microphones, earphones, speakers and wireless audio signal transmitters; Rescue equipment, namely life rafts, rescue ladders, rescue nets, rescue tarpaulins, life belts, life buoys, life jackets, fire extinguishing equipment namely fire extinguisher, fire extinguisher chemicals; Contact lenses, glasses, glasses cases, binoculars, magnifying glasses, sunglasses, hazard warning triangles for vehicles; Projectors, namely television projectors, video projectors, liquid crystal display (LCD) projectors, film cameras, cameras, photocopiers, electronic translators, electronic pocket translators, magnetic, electronic and optical recording media, namely magnetically encoded phone cards, network interface cards, computer interface cards, interface cards for data processing equipment in the form of printed circuits, identification smart cards, blank smart cards, telephone smart cards, blank CD-ROMs for sound and video recording, blank hard discs, identification cards with embedded chips, plastic key with circuitry for motor vehicles, telephone cards, mechanisms for coin-operated apparatus comprising automatic dispensers, cash machines; cash registers, computing machines namely computer, calculator; Photovoltaic elements namely solar panels, solar heating panels, solar batteries, solar collectors; Photocells namely, standard light beam switches, single-path light beam switches, reflection light beam switches, reflection light beam switches with polarization filter, light scanners, reflection light scanners, reflection light scanners with background suppression; Presence monitoring devices for vehicles consisting of monitoring circuits, pressure sensors, alarms and warning lights for use in identifying the presence of an individual; Vehicles for transportation on land and water namely buses, trains, motorcycles, trucks, tractors, vans, bicycles, boats, ships and their associated parts; Land vehicle engines; combination display instruments for automobile dashboards, land vehicle cockpits, instrument panels namely display panels, center consoles, containing cup holders, temperature controls, vehicle audio controls, air conditioning controls, hazard light buttons, heating controls, seat heater controls, gearsticks; Tires, inner tubes for tires, wheels, wheel rims, treads for the retreading of tires, hub caps, rim strips, materials and kits for repairing tires and inner tubes; valves for vehicle tires; Chassis and parts thereof; Chassis for motor vehicles, suspension systems for motor vehicles; Electronic, hydraulic, electromechanical, electrohydraulic and mechanical brakes for vehicles, parts therefor; brake cylinders, brake pads, brake calipers, brake disks, brake linings, brake hoses; Regulated and unregulated electromechanical and electrohydraulic steering systems and their components, hydraulic power steering, steering columns, steering gear; Electric drive shafts for vehicles; Safety equipment for motor vehicles namely airbags, belt tensioners and their parts; shaft couplings and transmission mechanism, namely shift clutches for land vehicles; Active and passive, regulated and unregulated dampers and springs for vehicles, wheels and their parts, particularly air pressure springs and gas springs; Air supply units for air spring systems comprised of air pumps and compressors used for shock absorption and vibration damping in land vehicles; shock absorbers and suspension struts for vehicles; shock absorber springs for vehicles, suspension springs for vehicles; vibration dampers and torsional vibration dampers for vehicles; vehicle engines, steering apparatus namely steering wheels and steering columns; vehicle cabins and driver seats; hydromounts as vehicle components; Axles and axle modules, axle bellows, axle boots and diaphragms for motor vehicles; Drive belts, transmission belts namely drive belts, transmission belts, V-belts, V-ribbed belts, variator belts, timing belts, synchronous belts, nubbed belts, double-sided timing belts, flat belts, lift belts, conveyor belts all for land and sea vehicles; Cooling, heating, brake, fuel, charge air, oil, hydraulic hoses as vehicle components and their parts; vehicle interiors lining; airbag covers; paneling for dashboards; interior upholstery for vehicles; motor vehicle seats; cigarette lighters for automobiles; cockpit cross beams; driver cockpits, driver cabins; Ventilation nozzles, dashboard ventilation air deflectors and air lines; Window and headlight cleaning systems for motor vehicles as well as the associated containers, nozzles, hoses, hose couplings, pumps, heaters and valves; Windshield and headlight cleaning systems; Window lift and window positioning systems for vehicles; controllers and drives for convertible soft tops, sliding roofs and sun protection devices, namely vehicle sun shields and visors for motor vehicles; Rubber and plastic concertina walls for trains and articulated buses; Paper, cardboard; Bookbinding material; Photographs; Stationery namely writing stationery, binders, erasers, folders, guest books, labels, note pads, organizers, pens, and staplers; Adhesives for stationery and household purposes ; Artists materials namely paint brushes, artists palettes, artist paints, modeling clay, easels; Typewriters; Instructional and teaching material, namely textbooks, specialist books, magazines, repair and user instructions on automotive parts; Plastic materials for packaging, namely plastic bags, plastic film, plastic pellets; Printers' type; Printing blocks; Printing materials namely presses, plates, fonts, rollers, non-textile printing blankets and their components; atlases, calendars, geographic maps, ball pens and pencils; Forms, printed forms, print material rolls and diagram plates for use in tachographs; Natural rubber, gutta-percha, asbestos, mica; sealing, packing and insulation materials namely plastic and rubber sheeting and films; flexible pipes not made from metal namely hoses made of plastic and rubber; Flexible pipe connections not made of metal namely hose connections; armoring for cables, namely sleeves and sheaths for electric cables not made of metal; pipeline expansion joints compensator made of rubber for absorbing shocks, vibrations and expansion, for noise isolation, for reducing tension, for compensating misalignments in pipeline installations; seals made of rubber and plastic used for sealing electric power lines, water lines, gas lines, pipes, hoses and tubes; sealing sleeves, sealing rings, membranes made of plastic and rubber; natural rubber in liquid form; sub-ballast mats made from rubber and rubber substitutes for vibration and shock damping in track construction; oil-absorbent floor mats made of rubber; rubber clack valves; rubber valves for vehicle tires, rubber valves for industrial machinery, rubber valves for motor vehicle engines; convertible soft tops for vehicles, door, window, engine compartment seals; rubber and plastic upholstery materials; plastic sheeting, except for packaging purposes, including sheeting for sealing and insulating purposes, roof and pond liners; bellows namely passageway bellows, concertina walls made from rubber and plastic for airport passenger boarding gangways; rubber for retreading tires.

## SERVICES

Building construction; installation services, namely installation of automotive parts and vehicle tires, installation of industrial hoses, industrial hose systems, air springs and shock absorbers in land vehicles, installation of elastomer-coated passageway bellows for airport passenger boarding gangways; automotive workshop services, namely vehicle conversions, repair, servicing, assembly, dismantling, maintenance, care, cleaning and paint work of vehicles, engines brakes, tires and their parts; repair of vehicles as part of breakdown assistance; retreading of tires; Maintenance, assembly and repair of tachographs, accident data recorder, electronic vehicles logs and related accessories; Maintenance, assembly and repair of test and diagnostic apparatuses and instruments, namely apparatus for use in diagnostic testing and live data retrieval for computerized automobile systems; Installation, maintenance and repair of machines and machine components, namely conveyor belts, and all the aforementioned goods, namely air springs, vibration dampers, shock absorbers and transmission belts, all being machine components, printing machines, printing plates, machines used in the manufacture of printing plates, printing plates, not light-sensitive; Installation, maintenance and repair of conveyor belts and systems; Installation, maintenance and repair of data systems for computerized automobile systems found in the automotive industry, oil and marine industry, car workshops, commercial logistics and fleet management.
